Chef

This collection consists of a series of pans made of 3-ply stainless steel: a unique assembly of two layers of stainless steel with a layer of aluminum in between. These pans heat up quickly and provide even heat distribution, perfect for searing, for example, a juicy steak at a high temperature, preserving flavor. The pans are oven-safe*, so you can go from the stove to the oven with ease.

What makes our Chef Collection truly special is that each piece is proudly made in Europe. This guarantees unparalleled quality and craftsmanship.

*Please note that the pans are not suitable for microwave use.
